Percent satisfied with learning environment	93.3%	85.7%	73.3%
Percent satisfied with social and physical environment	100.0%	80.0%	73.3%
Percent satisfied with school-home relations	93.3%	93.3%	86.7%

*Only students at the highest elementary school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Teachers continue to follow a standards-driven curriculum and use a variety of instructional delivery methods to accommodate the diverse learning needs of their students. Effective writing and problem solving strategies are implemented across the curriculum. While teachers use technology as an instructional delivery enhancement tool, they also use technology as a training tool for students. They believe that if students are provided the opportunity to use the technology, then they will be better prepared to meet the challenges of a technology-driven society.

The after-school programs at the school are utilized as a gateway into helping our students better understand the curriculum information. The students are provided assistance to help them enhance their academic performance. Additionally, we are a South Carolina Reading First School that provides a literacy coach and a reading intervention specialist, who both work with individual and student groups to help build students' reading skills. The five components of reading (phonics, phonemic awareness, vocabulary, comprehension, and fluency) are emphasized throughout grades K-3.

In addition, we were able to provide students in grades 3-6 with an academic intervention assistant to help the teachers improve performance and increase test scores.

TBS (Therapeutic Behavioral Services) teachers, as well as the Child Development Educational Pilot Program (CDEPP) entered into their second year and showed much academic promise for our 3 and 4 year olds.

Other programs and activities that we use to prepare our students include the Parenting Program, the BPE Pageant, and an Inspirational Dance Team. Our Foster Grandparents Program through the local Vital Aging Commission allows our older generation to pass knowledge and character to our younger generation. We believe that these programs and activities help to build our children's character and prepare them to survive in a constantly changing and diverse world.

Battery Park Elementary was a family oriented environment that was dedicated to producing life-long learners and productive citizens. We hope we met our potential as a safe, academically excellent learning center that closed the gap in educational progress and was a service to the community.

Lee Roy Campbell, Jr., Principal
Sarah Boyd, School Improvement Council, Chairperson
